Bangalore for the above project. It was understood that after evaluation of technical and commercial offers, the price bid was opened in September, 1991 and MAMC was L-1 out of 8 tenderers. On a reference from MAMC the Department of Heavy Industry took up the matter with the State Government in December, 1991 for placement of above order on MAMC. The financial soundness of MAMC was also emphasised to the State Government for consideration of their offer. A response from the State Government is still awaited.

Substitute for cement from flyash

1535. DR. ABRAR AHMED: Will the PRIME MINISTER be pleased to state:

(a) whether some Indian technologists have developed a cheaper substitute for cement from flyash, a waste generated by coal based thermal power plants, which can reduce construction cost and also reduce pollution substantially;

(b) if so, whether Government propose to try this cheaper cement for construction purposes on experimental basis; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF INDUSTRIAL DEVELOPMENT) (SHRIMATI KRISHNA SAHI): (a) to (c) There are many technologies well known for using flyash either as binder in combination with the lime or a binding material in the manufacture of Portland Pozzolana Cement (PPC). PPC is already being manufactured by a large number of existing cement companies and is being used for construction purposes.

Financial crisis in BHEL's Hyderabad unit

1539. SHRI P. UPENDRA: Will the PRIME MINISTER be pleased to state:

(a) whether the Bharat Heavy Electricals Limited at Hyderabad is facing acute financial crisis; and

(b) if so, the reasons for the present state of the unit and the steps

taken by Government to resolve the crisis?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF HEAVY INDUSTRY AND DEPARTMENT OF PUBLIC ENTERPRISES) (SHRI P. K. THUNGON): (a) and (b) BHEL's manufacturing plant at Hyderabad is facing financial problems due to delayed payments by its customers. Besides, some of its products like thermal sets, gas turbine-generator sets and oil rigs are presently having a lean order book. BHEL is taking following steps to side over the situation:

(i) Vigorous follow-up with its customers for the realisation of dues;

(ii) Increase supply of spares;

(iii) Take-up renovation and life extension work;

(iv) Diversification into new business areas; and

(v) Increase exports.

Voluntary Retirement Scheme in PSUs

1540. SHRI B. K. HARIPRASAD: Will the PRIME MINISTER be pleased to state:

(a) whether it is a fact that some of the P.S.Us such as EPI have formulated voluntary retirement scheme years ago but had not implemented it so far; and

(b) whether Government would ensure that these are implemented in order to make P.S.Us more economically viable and productive?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (DEPARTMENT OF HEAVY INDUSTRY AND DEPARTMENT OF PUBLIC ENTERPRISES) (SHRI P. K. THUNGON): (a) and (b) EPI has formulated voluntary retirement scheme and the same has been notified by the company w.e.f. 1-7-1992. Voluntary Retirement Schemes have to be formulated by the Public Sector Enterprises themselves. Since the retirement from service is voluntary under the said scheme, its implementation depends upon the response from the employees. Government gives some financial support for funding VRS in deserving cases especially in sick P.S.Us.
